Claim(s) 15-28 and 35-38 is/are pending.

Election/Restrictions

Claims 35-38 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 27 April 2006.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 15 is rejected under 35 U.S.C. 102(b) as being anticipated by Hedman (US 3,663,388).

Regarding claim 15, Hedman teaches (abstract, col. 1 lines 26-35, col. 1 line 72 – col. 2 line 21) a process for electrolytically etching gold from a printed circuit board (i.e. microelectronic workpiece), said process comprising steps of: (a) providing a etching bath not necessitating the inclusion of thiourea or cyanide; (b) providing a microelectronic workpiece having thereon at least some amount of gold; (c) contacting said gold with said etching bath; and (d) providing electric current flow between said gold and a cathode disposed in electrical contact with said bath, whereby at least a portion of said gold is removed from said microelectronic workpiece.

Response to Arguments

Applicant's arguments with respect to claim 15 have been considered but are moot in view of the new ground(s) of rejection.

Allowable Subject Matter

Claims 16-28 are allowed.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
